

Now marketed exclusively by Nufarm.

Achieve Liquid Gold is part of the Nufarm family of products. You can count on the same high level of quality performance you've come to expect. Not to mention, the same great value that has made Achieve Liquid Gold a precious resource on your farm.

Designed for convenience.

A convenient liquid formulation ensures easy handling. And now, Achieve Liquid Gold is available in two simple packages:

- 20-acre case
- 900-acre bulk pack

Breaking with tradition.

Nufarm does business the way you like to do business. No hassles. No hoops. Just a simple, upfront approach that steers clear of rebates, bundling and other unwanted headaches.

By running our business more efficiently we're able to pass maximum savings onto you. And we're committed to doing it in an honest, no-nonsense manner.

**50 years. 100 countries.
1 priority.**

Helping crops and customers prosper.

Did you know? Nufarm is the world's largest manufacturer of MCPA; the second largest manufacturer of bromoxynil and 2,4-D; and the number two supplier of glyphosate.

Breaking with tradition.

Achieve[®] Liquid Gold

**Grass and broadleaf
herbicide.**

**The gold standard for
one-pass weedcontrol
in cereals.**

**Now marketed exclusively
through Nufarm!**

Breaking with tradition.

Achieve® Liquid Gold Grass and broadleaf herbicide.

The safety of Fort Knox.

Your crop is precious. Ensure it gets the very best protection available. Insist on *Achieve® Liquid Gold*.

Achieve Liquid Gold locks the door on wild oats, grasses and an impressive array of broadleaf weeds (including wild buckwheat) in wheat and barley: so they don't rob you of yield.

At the same time, its gentle formulation prevents costly loss due to crop injury.

With Achieve Liquid Gold, you're covered from all angles.

Supreme flexibility in cereals.

Achieve Liquid Gold has become a leading choice for safe one-pass, post-emergent weed control in virtually all cereals, including:

- Barley
- Spring Wheat, Durum Wheat, Winter Wheat
- Rye (Spring and Fall)

The shining choice for wild oat and grassy weed control.

With the proven power of Achieve®, you can rest easy knowing your crops are being protected by a premium graminicide. Achieve Liquid Gold offers superior control of wild oats and grassy weeds, including:

- Wild oats
- Green foxtail
- Persian darnel

Solid broadleaf weed control.

And with the dependable broadleaf control of Mextrol® 450 (the same bromoxynil/MCPA Ester combination as Buctril® M) you are secure against wild buckwheat and a wide spectrum of over 20 other broadleaf weeds, including:

- Wild buckwheat
- Lamb's-quarters
- Velvetleaf
- Mustards
- Stinkweed
- Ragweed
- Pigweed

Golden results.

Key crops: Barley (2 and 6 row varieties), spring wheat, durum wheat, winter wheat, fall rye and spring rye.

Key weeds controlled: Wild oats (including group 1-resistant), green foxtail, Persian darnel and barnyard grass, wild buckwheat, tartary buckwheat, stinkweed, volunteer canola, ragweed and cocklebur.

Soil type/Geographic fit: Brown, dark brown, black and grey wooded soil zones.

Resistance management: Group 1, 6 and 4 herbicide.

Application: Ground and aerial application.

Rainfastness: Rainfast within 1 hour.

Cropping restrictions: None.

Packaging: 20-acre case or 900-acre bulk pack.
