

Titanium™

Grass and broadleaf herbicide.

EXTRA BIG. EXTRA STRONG.

New from Nufarm.

Priced and packaged for large-scale wheat and barley production.

You asked for it. We delivered.

Nufarm, together with our retail partners, is proud to introduce Titanium. A powerful new herbicide fortified for extra strength, one-pass weed control in the brown soil zone.

Titanium is available exclusively in a convenient 450-acre bulk package. It's been specifically created at the request of high-volume wheat and barley growers seeking an easier-handling, high performance herbicide alternative.

Fortified for extra strength.

Titanium forges a proven broadleaf and grassy weed solution in one convenient, value-driven package.

- Group 1 Wild Oat, Green Foxtail and Persian Darnel control
- Groups 4 and 6 wild buckwheat, kochia and Russian Thistle control

Key advantages:

- 1. Proven combination for one-pass full spectrum grass and broadleaf weed control.**
- 2. Conveniently packaged for large-scale wheat and barley production.**
- 3. Bulk priced to provide unbeatable savings from Nufarm vs. buying products alone.**

**Treats
450
acres!**

Breaking with tradition.

Titanium™

Grass and broadleaf herbicide.

Comprehensive weed control.

Give your wheat and barley the added in-crop protection it deserves. Introducing an incredibly powerful one-pass herbicide that offers exceptionally strong performance against wild oats, Persian darnel, kochia, Russian thistle, and wild buckwheat.

Southern comfort!

Like the southern farm operations it was created for, Titanium's motto is "go big or go home!"

Key crops:

Spring wheat, winter wheat and barley.

Key weeds controlled:

Wild oats, green foxtail, Persian darnel, kochia, Russian thistle, wild buckwheat and tartary buckwheat.

Soil type/geographic fit:

Brown and dark brown.

Resistance management:

Group 1, 4 and 6 herbicide.

Application:

Ground and aerial application.

Packaging:

450-acre bulk pack.

Breaking with tradition.

Nufarm does business the way you like to do business. No hassles. No hoops. Just a simple, upfront approach that steers clear of rebates, bundling and other unwanted headaches.

By running our business more efficiently we're able to pass maximum savings onto you. And we're committed to doing it in an honest, no-nonsense manner.

Breaking with tradition.
